

January 31, 2008

Dear Colleague:

On behalf of the Association of Dental Technologists of Ontario, I would like to wish everyone a happy and prosperous New Year.

The **2008 Implant Series** has now been prepared and is even *better* than last year. This year's format will take a new approach. The new Implant Series will begin with Table Clinics followed by a variety of topics and speakers.

This will give you the opportunity to develop your skills and apply what you have learned, to your daily routines and also provide us with insight into future implant seminar topics.

Below is a list of reasons why our Implant Study Club is far superior to any other study club out there:

- The featured speakers are expert in all facets of implants
- We provide **Hands-On Table Clinics**
- 8 seminars (2 *NEW* implant companies)
- Three exclusive **seminars presented at prestigious venues**
- We are the first to receive new information on latest products and implants
- **Valuable Door Prizes!**

Space is limited. *Please register early to avoid disappointment.*

If you have any questions, please do not hesitate to call me at (905) 946-8550 or at ADTO directly (905) 947-0102 or toll free at 877-273-8668.

We look forward to seeing you there.

Yours truly
