

Seminar on Bill 152/Act 45 – Professional Incorporation

Friday, September 13, 2002

5:00-6:45 at the Canadian International Dental Congress

***Plaza “C” – International Plaza Hotel 655 Dixon Road, Toronto, ON M9W 1J4
416-244-1711***

The Association of Dental Technologists of Ontario is sponsoring an information session on the new Professional Incorporation laws. This seminar is offered to all members free of charge. Therefore, if you are not planning on attending the Canadian International Dental Congress, you can still attend this seminar. This law is currently being implemented into our bylaws by the College of Dental Technologists of Ontario and will affect you if your laboratory is incorporated or if you are thinking of incorporating your lab. The CDTO is currently asking RDT's to review and comment on their proposed amendments in this regard.

This law will affect you, so come to learn more about it, so that you can provide your input to the CDTO.

The ADTO, CDTO and DIAC will each provide a speaker to outline their perspectives on the legal and financial aspects of this new law, followed by an open microphone panel discussion.

We would like to apologize for the late notice. However, the ADTO has just recently become aware of the new developments. Please plan to attend this important event as well as the Congress cocktail party following the seminar.

Yours truly,

ASSOCIATION OF DENTAL TECHNOLOGISTS OF ONTARIO
