quiet...tough...
smooth...the best
is a **belt drive**
system

The heart of the Formula I® drive system is its revolutionary belt. Quiet as a whisper. Tough as a steel-belted tire. Count on smooth-running power and reliability year after year.

premium
multi-function
control panel

Controls your garage door and turns opener lights on/off from inside garage. Locks out all outside radio signals while you're away. Includes an adjustable light timer and an illuminated oversized pushbutton for convenience.

NEW!

enhanced belt
drive system

Engineered for more
secure belt grip.

Security+™ 3-button
remote control

With rolling code technology, you are assured of a new code with every use. Every time you push the button, the code automatically rolls over to any one of over 100-billion new codes, never to be repeated. Operates up to three garage doors.

CHAMBERLAIN®

LiftMaster®

PROFESSIONAL

features that make a difference

NEW!

brighter light...better control

200 watts of light. 1½ to 4½ minute delay setting control. Plus, hinged lens allows easier bulb replacement.

exclusive! The Smart Garage Door Opener®

Lets you electronically program security codes from the Multi-Function Control Panel or the powerhead.

Quick-Connect™ terminals

Push-in wiring for quicker installation.

NEW!

enhanced range

Advanced electronics allow you to open and close your garage door from greater distances.

all the safety you need

The Protector System®*

Projects an invisible light beam across garage door opening. If anything interrupts the beam while the door is closing, door automatically reverses before making contact. If beam is obstructed, door will not close.

equipped with PosiLock™

Once your garage door goes down, it's securely locked with PosiLock™, a patented Chamberlain feature. An intruder cannot gain access.

manual release handle

In a power failure, this feature releases the garage door for manual operation.

The in-vehicle universal remote control. See your automobile dealer for availability.

LIFETIME MOTOR AND BELT WARRANTY

enhance your lifestyle with optional accessories

premium motion-detecting control panel

It sees you coming! Turns garage door opener lights on automatically when you enter the garage.

mini 3-button remote control with Security+™

Operate up to 3 garage doors. Turn garage door opener lights on and off. Carry on key chain, in pocket or purse.

wireless keyless entry with Security+™

Opens and closes when you enter a private 4-digit code. No need for a key or remote control. No wiring. Illuminated for nighttime use. Gives friends, relatives and service people limited access to the home.

NEW! SoftGlo™ multi-function control panel

Even in a dark garage, it's easy to find your way to our smartly designed SoftGlo™ lighted control. Turn opener lights on/off from inside garage. Locks out all remote control radio signals while you're away.
