## *Avondale... Exceptional Richards-Wilcox Quality*

Our finest door. Is there anyone who wouldn't want the very best? Look closely and you'll see rich wood grain texture, pre-finished steel on both sides, and a technologically advanced polyurethane insulating core. You'll see the beautiful powder coated and zinc plated hardware.

This door is the **Avondale**. Installed and serviced by the best trained dealers in the industry, and backed by our *Lifetimer Gold*

warranty, any expert will tell you that this represents fantastic value.

Richards-Wilcox is one of the oldest door manufacturers in Canada. Our dealers are held to the highest standards in service installation and support.

This is the Richards-Wilcox way of doing business. It's why we've been here since 1912. And, it's why we'll be here for the next century.

Avondale Polyurethane Residential Garage Doors

Richards-Wilcox  
Canada

# “Our Linear Hardware System offers the highest Strength-to-Weight hinging system in the Industry”

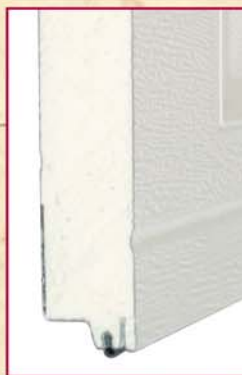

- High cycle powder-coated torsion spring and shaft for years of trouble-free operation
- Painted truss (as required on doors 16' wide and over)

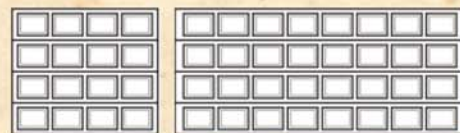

- Powder coated endcaps and Zinc plated face hardware with high-performance 14ga linear hinges for added strength and durability, complimented by nylon tired ball bearing rollers for a smooth and quiet operation

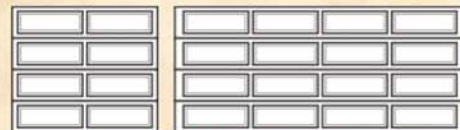

- **CleenLine™** powder coated track with R-W's exclusive one-piece tapered mounting angle and integral headplate
- **Neufoam™** technologically advanced polyurethane insulating core - R-value = 16
- Continuous hardware attachment reinforcing strip
- Woodgrain embossed pre-finished steel exterior skin, raised panel or ribbed design
- Stucco embossed rib reinforced prefinished steel interior skin
- 3" vinyl bottom seal in an aluminum retainer
- Optional colour matched maintenance-free perimeter seal

Doors are available in standard widths of 8', 9', 10', 12', 14', 16' and 18' and heights of 6'0" to 8'0" in 3" increments. Non-standard widths from 4' to 20' and heights to 14'0" are also available.

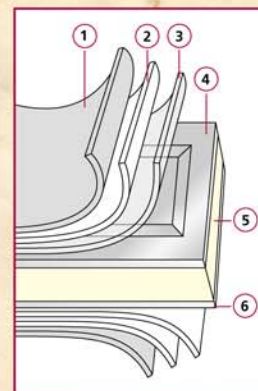

Colonial Panel Design

Ranch Panel Design - available in widths of 8', 9', 12' and 16'.

Door sections are made from strong, rust resistant, embossed galvanized steel, coated with baked-on polyester paint finish

- 1 - Baked-on finish
- 2 - Epoxy primer
- 3 - Galvanized layer
- 4 - High-strength steel
- 5 - Polyurethane insulation
- 6 - High-strength steel

Product colours have been duplicated to the best degree possible using present commercial printing processes. For accuracy in colour matching, use actual product samples.
